To Whom It May Concern,

It gives me great pleasure to write a letter of recommendation on behalf of Sarah Bult, who is applying to work with you. During her undergraduate years at Brigham Young University, Sarah proved to be one of the most talented students it has been my pleasure to teach. She progressed quickly through our makeup and hair courses and served as a teaching assistant multiple times for our Principles of makeup class. Sarah showed marked proficiency in all types of makeup application, including prosthetics, and was most particularly talented in hair and wig work. I have had the pleasure to see her work in the theatre as a shop technician, crew supervisor, makeup artist and designer, as well as on films as an assistant and key makeup artist.

It soon became obvious that Sarah was an enthusiastic, talented and insightful designer. On campus, she designed three mainstage productions, including Into The Woods, for which she was nominated and was a finalist at KCACTF. She has also designed makeup and hair looks for student projects, commercials, and films.

Sarah also proved to be adept and talented as a makeup artist. Under her capable hands she has created multiple makeup looks ranging from subtle to stunning beauty looks to advanced prosthetic creature creation. Her understanding of color theory and art principles, and her talent in using makeup tools and products sets her apart from her colleagues.

As a student, Sarah was caring and thoughtful. She often went above and beyond on projects and had a keen eye for the details that set a design apart. Her dedication to see a job completed, and completed well, was a hallmark of her work. Sara was well respected and trusted as a makeup artist, designer and fellow student. Many of her colleagues looked to her for guidance, mentoring and support, which Sarah always gave in a steady and thoughtful way.

I highly recommend Sarah's abilities both as an artist and a designer to you. She is one of those rare individuals who possess the desire to continue learning and to seek after those things that will allow her to do the job better. I would not hesitate to hire her. If you have any questions you would like to ask me or if I can be of any further help, please feel free to call on me.

Sincerely,
